

**SUBARU**  
**FORESTER SJ 14'**

**SWAY BAR** #7688 FRONT

Hardrace now release new front sway bar for Subaru 14' FORESTER!

Sway Bar affects the handling and the car's over steer and under steer. It ties the lower suspension links together across the front or back, will keep your car flat in turns instead of leaning over to one side.

Hardrace sway bars provide better control especially at high speeds cornering

**Features**

- Manufactured from CR-MO alloy steel
- Heat treatment process and shoot peening
- Hollow internal structure
- Correction of under or oversteer
- Improve more grip and better handling
- Adjustable function
- 3D design processing

**Technical Information**
